

Bern University
of Applied Sciences

A photograph showing three students interacting with a wall. One student in a dark blue t-shirt and white trousers is climbing the top edge of a white wall. Two other students, a woman in a yellow patterned shirt and a man in a light blue shirt, are standing on the ground below, supporting the climber. The wall has a dark, textured section. A blue and yellow backpack is on a ledge to the right.

A glimpse beyond

BFH diagonal Optional programme for students

► Office of the Vice-President Teaching

BFH diagonal – a wide range of choices awaits you!

- Do you want to forge links with students beyond your discipline?
- Do you intend to strengthen your “future skills”, such as critical thinking, creativity, communication and cooperation, so to develop your skill set for the labour market of tomorrow?
- Do you want to tailor your profile and give your degree an individual touch?
- Are you interested in interdisciplinary topics such as sustainability, diversity and global competence?

Then the BFH diagonal offer is just for you.

To find out more, discover the programme and register, go to bfh.ch/diagonal-en.
