

Recognition of academic achievements – crediting already completed learning achievements Information sheet for submitting an application

Have you already completed studies at an educational institution (tertiary level)? Or do you have professional work experience or language diplomas that you would like to have credited to your studies at Bern University of Applied Sciences?

Such qualifications can be credited, upon application, to the bachelor's or master's degree programme if they can be assessed as equivalent to the modules in your degree programme of choice on the basis of content, scope and requirements. Only entire modules can be credited.

Your application for recognition of your learning achievements

To submit an application, please check which modules are comparable in terms of content, scope (incl. ECTS) as well as requirements and can thus be assessed as equivalent. Where available, please compare the following documents of your chosen degree programme with those detailing your completed academic achievements.

- Curriculum
- Study and examination regulations
- Implementation provisions
- Structure of your studies
- Modules and their descriptions are available in the Web study offer at https://is-a.bfh.ch/imoniteur_OPROAD/PORTAL65.htm

Information on curricula or study design is available on our website.

Submitting an application

- Applications are submitted electronically via the student platform IS-Academia: <https://is-a.bfh.ch/>, Register «[Leistungsanerkennung](#)»
- New students may apply with their registration log-in as soon as they have received confirmation of matriculation; other students may apply with the BFH log-in.
- Please ensure that all the required accompanying documents are available in electronic form as PDFs (max. 1 MB) and are uploaded before you submit your application.
- After you have submitted your application, no further changes may be made to the form for technical reasons and you may not upload any further documents. If need be, you can submit a new application that replaces the old version.

Required accompanying documents for the equivalency test

To facilitate assessment or recognition, you must upload the following documents concerning your already completed academic achievements along with the application form:

- Module descriptions
- Clear evidence of academic achievement such as reports, transcripts, summary of achievements, transcript of records, certificates, language certificates
- Further information required for applications to the G, S and W departments: curriculum
- For vocational traineeships: employment certificates with duration, level of employment and work content

Note: Your application will only be processed when all accompanying documents required for a credit are available. If any documents are missing, your application will be declined.

Links to the departments and deadlines for submitting an application for recognition of academic achievements

Please note that all requested credits must be submitted to the G, HAFL, S and W departments before the beginning of your studies.

		For the coming autumn semester	For the coming spring semester
AHB	www.bfh.ch/ahb	Usually before the start of lectures in the respective semester/Module	
G	www.bfh.ch/gesundheit	by 15 August	
HAFL	www.bfh.ch/hafl	by the end of calendar week 35	
BUA	www.bfh.ch/hkb	Usually before the start of lectures in the respective semester/Module	
S	www.bfh.ch/soziale-arbeit	31 July	31 January
TI	www.bfh.ch/ti	Respective start of lectures	Respective start of lectures
W	www.bfh.ch/wirtschaft	Applications should be submitted before the semester starts. Please ensure that sufficient time is given to allow the credit application to be processed.	

Applications for recognition of academic achievement cannot usually be processed retrospectively. Late applications will be declined.

If modules are credited, you are not required to attend the requisite lectures. As a consequence, you may not sit the competency assessments for these modules.
