Entry Requirements	<ul style="list-style-type: none"> • All required Bridging Modules have been completed. • The thematic focus and the conditions of employment (with written confirmation) must be approved by the <i>Module Coordinator</i> before module enrolment.
Competencies upon Completion	<p>After completing the module, students will be able to:</p> <ul style="list-style-type: none"> • transfer knowledge from theory to practice; • analyse the circular economy/sustainability potential of an organisation; • work in multidisciplinary teams under real-life conditions; • use self-reflection and work-reflection to enhance decision making.
Content	<p>The module enables students to apply the knowledge they have acquired during the degree programme in practice and to further develop their personal skills.</p> <p>The aim of the practice transfer module is to reflect on your practical experience. In this reflection, you critically examine your own actions, your own experiences, and your own learning process. The practice transfer is documented in a personal report, which describes the work and the organisation and contains a critical reflection of the work experience.</p>
Teaching and Learning Methods	<ul style="list-style-type: none"> • Project-Based Learning • Report writing • Critical reflection
Competency Assessment	<p>Report (100%)</p> <p>Students who receive an insufficient grade of 3.5, are given the opportunity to carry out a <i>subsequent improvement</i> of the written assignment defined by the <i>Module Coordinator</i>. The maximum grade that can then be obtained is 4. This still counts as the same attempt.</p>
Mode of Repetition	<p>Should a student fail the module, they have one more attempt.</p> <p>They may either:</p> <ul style="list-style-type: none"> • Submit a new assignment (report, 100%), defined by the <i>Module Coordinator</i>, for the next resit examination session. • Repeat the entire module next time it is offered.

Format	<p>No onsite activity</p> <p>The employment must be organised by students themselves; no internships are arranged by the programme.</p> <p>The employment must have a thematic focus on the circular economy and/or sustainability and a minimum workload of at least the equivalent of 2 months at 100% (= 340 working hours).</p> <p>To enroll in the module, students must fill in the application form, which can be found in the respective Moodle course.</p>
