

Expand horizons – shaping change

Guiding principles

We stand for these values

- in the midst of society
- diverse and connective
- shaping and moving
- responsible and enterprising
- anchored and interlinked
- open and enabling

Vision

We expand horizons

We are an engaged university at the heart of political and social life in Switzerland. We take a practical and inquisitive approach to expanding horizons through teaching, to researching and shaping the future of a responsible society.

Mission

Together we shape change

As a diverse university, we pool our resources and skills to carefully help shape the transformation and create a sustainable, digitally literate, health-conscious and intergenerationally just society.

- We make our mark regionally, nationally and internationally with our future-relevant topics
- We combine artistic, scientific and socio-scientific approaches
- We actively participate in national and international science networks

Goals

We are moving forward

- We are an ideal place to study and work
- We foster, live and breathe sustainability
- We promote health and well-being for people of all ages
- We put people at the heart of the digital transformation
- We are an enterprising university
- We are part of the discussion
