

**We Want to  
Hear Your Story!**

# Did you have gestational diabetes during pregnancy?

We are looking for women who experienced gestational diabetes during pregnancy within the past five years

## **What can you expect?**

- A one-hour interview (early October)
- Online or in person
- CHF 68 for your time
- Questions about your experiences
- A chance to share your feedback on a study about the early prevention of gestational diabetes

## **Why does your voice matter?**

- Help us make sure the program developed through this study can fit into everyday life.
- Help us understand what is important to women and families.

## **Interested? Contact Us!**
