

Bern University
of Applied Sciences

Module List Spring Semester 2022

BSc International Business Administration
Incoming Students

General Information

Requirements

Make sure that you fulfill the requirements for each module as listed in the module descriptions. If you are not sure, please contact your Academic Advisor: international.business@bfh.ch

Group Projects

If group projects or presentations are the form of assessment, your attendance will be required at designated dates and times. Group projects are very common at the BFH Business School. It is important that each student participates on an equal basis to receive the grade.

Time Table

We do not allow students to take courses that overlap in time. Please use the time table template as an aid to create your individual time table. Please note, sometimes the same module is taught in different classes, so you have the possibility to choose one that fits to your time preference.

Block Weeks / Special Weeks

Please be aware that some modules are taught during Block Weeks/Special Weeks and attendance is **mandatory**. The Block Week in **Spring Semester 2022** takes place from **11 April – 14 April 2022**.

Limited Spots

Our modules have only limited spots available. These spots will be filled on a first come first serve basis. Therefore, we recommend to return module selections as soon as possible.

Module Changes

Please note, as soon as the Learning Agreement has been finalised, module changes are only possible in the first two semester weeks. Drop outs don't need further explanation. Drop ins into new modules are only accepted in very exceptional cases, eg. time table clashes that appear or requirements are not met in another module. Please inform your Academic Advisor in case you need to make changes in your Learning Agreement.

Exam Period

Final exams will take place from **22 June – 09 July 2022 on campus**. Please make sure to be available for the exams in Bern.

Workload

1 ECTS = 30 working hours. This includes contact lessons, self-study, project work and exam preparation. (Further information about the ECTS credit system: https://ec.europa.eu/education/resources-and-tools/european-credit-transfer-and-accumulation-system-ects_en)

Min / Max Credits

Every incoming student must at least enroll into modules with a total of 12 ECTS. The maximum amount of ECTS credits are 32 ECTS.

Student Services, December 2021
